ABOUT CORP CONFERENCES

CORP conferences are held annually since 1996 and are Europe's major congresses on Urban Planning, Regional Development and Information Society. The events are extraordinarily interdisciplinary, whereby usually a lot of new ideas are generated. About 400 experts from around the world meet to discuss current tasks and topics on urban planning, regional development and information society in an international and interdisciplinary conference. REAL CORP 2010 features about 200 presentations on current themes from all fields around spatial planning, urban development, information society and real estate. Conference languages are English and German. There will be separate and parallel presentation slots in both languages.
